

CASS COUNTY CHOPPERS

# Sportster Trike Conversion Kit

Cass County Choppers drew on years of manufacturing experience and expertise to produce a new Trike Conversion Kit for your Harley Davidson Sportster. Our trike conversion kits are user friendly and can be installed by most anyone with sound mechanical ability. We use the highest quality materials, the most advanced manufacturing procedures, and a highly valued commitment to sound engineering processes.

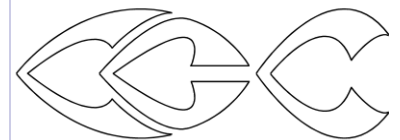

Cass County Choppers Sportster Trike Conversion Kit does not require your swingarm to be donated. We do not sell hacked and welded swing arms, all of our components are manufactured out of high-quality billet aluminum and solid steel.

## **WE BUILD OUR TRIKE KITS TO LAST AND LOOK GREAT.**

This trike kit will convert your Harley Davidson Sportster into a 3-Wheeled TRIKE. This is not an add-on kit that uses training wheels. You will be removing the rear wheel and tire from your 2-wheel bike and adding 2 rear wheels. You will be removing your swingarm and installing our new billet aluminum swingarm. Kit comes with rear differential assembly, swingarm, brake caliper, wheel hubs, and all mounting hardware. This kit does not include wheels/tires, fenders, and paintwork. Please specify year when placing order. Credit cards accepted. 90/180 days same as cash available.

**\$3500 TOTAL PRICE PLUS SHIPPING!**
